Summary: In this assignment, you will review the syllabus and answer some questions about yourself.

Submission: Email your responses to [davisjan] with the subject line “CSC 211 Homework 1”.

1 About the course

Review the course web site (http://www.cs.grinnell.edu/~davisjan/211/) and answer the following questions.

1. What types of work are you expected to engage in for this class?
2. How can you know when you have work due?
3. What happens if you turn in work late?
4. When can you work with other students and when can you not work with other students (for this class)?
5. What is one important or surprising thing you learned from reading the course web site?
6. Do you have questions about the course that are not answered by the web site?

2 About you

Please answer some questions about yourself.

1. What is your name, and what do you like to be called?
2. Why are you taking this class?
3. Having read the course web site, what do you hope to get out of this class?
4. What is your biggest concern for this class?
5. Do you have any questions about me or my role in this class?
