CSC151.02 2013F, Class 56: Discussion of Exam 3 and Review for Final

Overview

- Preliminaries.
  - Admin.
- Some questions about the course.
- About the final.
- Short discussion of exam 3.
- Final thoughts (starting at 1:55).

Preliminaries

Admin

- Snacks!
- Exams returned.
- Most other grades distributed via email. A few more quiz grades still to come, as well as calculated grades. (Hopefully Saturday. But I need sleep right now, and my other class needs grading.)
- Final Tuesday at 2 or Thursday at 9.
- Any events to announce?

Sam’s Questions

- 40 people is a lot. Should I say "no" the next time students plead to get in to 151 and it brings the class over 36?
- Why didn’t anyone drop? ("Melt" is typical in 151.)
- What’s something I did really well?
- What’s something I really need to improve (other than getting you graded work more quickly)?
- What else should I know?

About the Final

- In class.
- Written.
- You may bring one page of handwritten notes.
- Comprehensive.
- Four problems.
- Four-problem grading format: 4 is an A, 3 is a B, 2 is a C, 1 is a D.
Exam 3

- We’ll consider any problems you have questions about.
- But I’m unlikely to keep solutions posted.

Final Thoughts

- Ending the class is hard.
- I really did enjoy (attempting to) teach you.
